

COVID Infection Point	School Response	Communication Process
An EFS student tests positive	<p>School communicates immediately with the Erie County Department of Health (ECDOH) and follows their guidance with regards to contact tracing. The school must follow all ECDOH recommendations for student and teacher quarantine, if necessary.</p> <p>School shuts down the cohort for a minimum of three days for cleaning and disinfection. Distance learning would commence for the cohort.</p> <p>Per the Erie County Department of Health (ECDOH), any student or teacher exposed to COVID for a duration of time greater than 60 minutes in a standard classroom setting will be instructed to quarantine for a period of 14 days.</p> <p>The ill student remains out of school for at least 14 days. The student may return to EFS after having been fever free, without medication, for at least 72 hours. The ill student must also have a negative COVID test administered on or after the 14th day of quarantine. <i>(Hereby referred to as Post COVID Return to EFS policy)</i></p> <p>Any siblings of an infected student are placed on quarantine and provided instruction through the Parallel Program.</p>	<p>School administration and affected teachers notified immediately.</p> <p>All EFS parents are notified via email communication, privacy of the student is to be respected.</p> <p>Families with siblings of said student or of said student's cohort will be contacted by Patty Cody and quarantine requirements will be based on ECDOH contact tracing.</p> <p>Provision of social and emotional support for impacted students and community members will be provided under the guidance of Gabriella Pelosi.</p>
A teacher tests positive	<p>School communicates immediately with ECDOH and follows their guidance with regards to contact tracing. The school must follow all ECDOH recommendations for student and teacher quarantine, if necessary.</p> <p>School shuts down the cohort for a minimum of three days for cleaning and disinfection. Distance learning would commence for the cohort.</p> <p>Per the Erie County Department of Health (ECDOH), any student or teacher exposed to COVID for a duration of time greater than 60 minutes in a standard classroom setting will be instructed to quarantine for a period of 14 days.</p>	<p>School administration and affected teachers notified immediately.</p> <p>All EFS parents are notified via email communication, privacy of the teacher is to be respected.</p> <p>Provision of social and emotional support for impacted students and community members will be provided under the guidance of Gabriella Pelosi.</p> <p>Families with children in the same cohort as said teacher's children will be contacted by Patty Cody and quarantine requirements will be based on ECDOH contact tracing.</p>

	<p>If the teacher works with more than one cohort, determination for quarantining should be made in consultation with ECDOH contact tracing.</p> <p>The teacher must follow Post COVID Return to EFS Policy.</p> <p>If the children of said faculty member are students at the school, they are placed on quarantine for 14 days. Students are provided instruction through the Parallel Program.</p>	
<p>Student domestic member tests positive</p>	<p>The student is on quarantine for 14 days per guidelines of ECDOH. The student is provided instruction through the Parallel Program.</p> <p>If the student then tests positive, contact ECDOH for guidance. This may necessitate the shutting down of the student's cohort for a minimum of three days for deep cleaning and disinfection, depending on when the diagnosis occurred.</p> <p>The ill student must follow Post COVID Return to EFS Policy.</p>	<p>School administration is notified immediately.</p> <p>All EFS parents are notified of a student placed on quarantine, with respect of privacy to occur. Further communication will occur if the student then tests positive.</p> <p>Provision of social and emotional support for impacted students and community members will be provided under the guidance of Gabriella Pelosi.</p>
<p>Teacher domestic member tests positive</p>	<p>Teacher is placed on 14-day quarantine per guidelines of ECDOH. A substitute teacher may be arranged for in-person instruction at school dependent on the grade level or classes that require coverage. If said teacher's cohort is learning from home for any reason, the teacher may teach from home.</p> <p>If the teacher then tests positive, contact ECDOH for guidance. School shuts down the cohort for a minimum of three days for cleaning and disinfection. Distance learning would commence for the cohort.</p> <p>If a teacher had access to more than one cohort, determination should be made in consultation with ECDOH contact tracing procedures as to the necessity of shutting down additional cohorts.</p> <p>The ill teacher must follow Post COVID Return to EFS Policy.</p>	<p>School administration is notified immediately.</p> <p>Notify EFS parents that a teacher is on quarantine due to a domestic member testing positive. Further communication will occur if a change in the situation warrants.</p> <p>Provision of social and emotional support for impacted students and community members will be provided under the guidance of Gabriella Pelosi.</p>

<p>Multiple students in a cohort test positive</p>	<p>Cohort shut down for cleaning and disinfection for a minimum of three days. Distance learning would commence for the cohort.</p> <p>Per the Erie County Department of Health (ECDOH), any student or teacher exposed to COVID for a duration of time greater than 60 minutes in a standard classroom setting will be instructed to quarantine for a period of 14 days.</p> <p>Immediate contact with ECDOH to follow further contact tracing guidance.</p> <p>Any siblings of said student are placed on quarantine and provided instruction through the Parallel Program.</p> <p>All positive students follow Post COVID Return to EFS Policy.</p>	<p>School administration is notified immediately.</p> <p>Notify all EFS parents while respecting the privacy of the students. Explain plans for the duration of cohort shut down. Further communication will occur if additional students test positive.</p> <p>Provision of social and emotional support for impacted students and community members will be provided under the guidance of Gabriella Pelosi.</p>
<p>Multiple students across cohorts test positive</p>	<p>Cohorts shut down for a minimum three-day cleaning and disinfection. If cases are contained to one division, possible closure of division.</p> <p>Immediate contact with ECDOH to follow further contact tracing guidance.</p> <p>Per the Erie County Department of Health (ECDOH), any student or teacher exposed to COVID for a duration of time greater than 60 minutes in a standard classroom setting will be instructed to quarantine for a period of 14 days.</p> <p>Anticipate and begin to prepare for total school shut down if advised by ECDOH or preferred by Board of Trustees, Head of School, and Healthy Environments and Routines Team.</p> <p>Decision dependent on factors such as number of grades with cases, sibling overlap, Erie County infection rate.</p> <p>All positive students are to follow Post COVID Return to EFS Policy.</p>	<p>School administration is notified immediately.</p> <p>Notify all EFS parents while respecting privacy of individuals.</p> <p>Communicate plan for cohort, division, or school closure and transition to distance learning. Provide further communication as the situation evolves.</p> <p>Provision of social and emotional support for impacted students and community members will be provided under the guidance of Gabriella Pelosi.</p>
<p>A non-faculty staff person tests positive</p>	<p>Immediate contact with ECDOH to follow further contact tracing guidance.</p>	<p>School Administration is notified immediately.</p>

	<p>Determine necessity to quarantine any other individuals, shut down cohorts, or shut down the building for a minimum three-day cleaning and disinfection. Distance learning would commence where necessary.</p> <p>Per the Erie County Department of Health (ECDOH), any student or teacher exposed to COVID for a duration of time greater than 60 minutes in a standard classroom setting will be instructed to quarantine for a period of 14 days.</p> <p>Staff member follows Post COVID Return to EFS policy.</p>	<p>Notify all EFS parents while respecting the privacy of the individual. Communicate plan for cohort, division, or school closure and transition to distance learning.</p> <p>Provision of social and emotional support for impacted students and community members will be provided under the guidance of Gabriella Pelosi.</p>
<p>A non-faculty staff person's domestic member tests positive</p>	<p>Staff member is placed on 14-day quarantine per guidelines of ECDOH.</p> <p>If the staff member then tests positive, contact ECDOH for guidance.</p> <p>Determine necessity to quarantine any other individuals, shut down cohorts, or shut down the building for a minimum three-day cleaning and disinfection. Distance learning would commence where necessary.</p> <p>The ill staff member must follow Post COVID Return to EFS Policy.</p>	<p>School administration is notified immediately.</p> <p>Notify All EFS Parents while respecting privacy of the individual.</p> <p>Provision of social and emotional support for impacted students and community members will be provided under the guidance of Gabriella Pelosi.</p>
<p>A student has contact with a positive case</p>	<p>Families are strongly encouraged to share this information with the school.</p> <p>The student remains at home while awaiting the results of contact tracing conducted by the ECDOH. Depending upon the determination of the ECDOH, the student returns to school or is placed on quarantine.</p> <p>If the student tests positive, contact ECDOH for guidance.</p> <p>The affected cohort shuts down for a minimum of three days for cleaning and disinfection.</p> <p>Cohort transitions to distance learning and quarantined student transitions to Parallel Program.</p>	<p>School administration is notified immediately.</p> <p>Notify all EFS parents if a student is placed on quarantine, respecting privacy. Provide additional communication as the situation evolves.</p> <p>Provision of social and emotional support for impacted students and community members will be provided under the guidance of Gabriella Pelosi.</p>

<p>A faculty member has contact with a positive case</p>	<p>Faculty are strongly encouraged to share this information with the school.</p> <p>The faculty member remains at home while awaiting the results of contact tracing conducted by the ECDOH. Depending upon the determination of the ECDOH, the faculty member returns to school or is placed on quarantine.</p> <p>If the faculty member tests positive, contact ECDOH for guidance.</p> <p>The affected cohort/cohorts shut down for a minimum of three days for cleaning and disinfection. Determination of whether or not to close a division and or the entire school is based on the faculty member's level of contact with students and adults throughout the building.</p> <p>Cohort transitions to distance learning where necessary.</p>	<p>School administration is notified immediately.</p> <p>Notify all EFS Families of a faculty member placed on quarantine, respecting privacy. Provide additional communication as the situation evolves.</p> <p>Provision of social and emotional support for impacted students and community members will be provided under the guidance of Gabriella Pelosi.</p>
<p>A non-faculty staff member has contact with a positive case</p>	<p>Staff members are strongly encouraged to share this information with the school.</p> <p>The faculty member remains at home while awaiting the results of contact tracing conducted by the ECDOH. Depending upon the determination of the ECDOH, the faculty member returns to school or is placed on quarantine.</p> <p>If the faculty member tests positive, contact ECDOH for guidance.</p> <p>The affected cohort/cohorts shut down for a minimum of three days for cleaning and disinfection. Determination of whether or not to close a division and or the entire school is based on the faculty member's level of contact with students and adults throughout the building.</p> <p>Cohort transitions to distance learning where necessary.</p>	<p>School administration is notified immediately.</p> <p>Notify all EFS families if a staff member is placed into quarantine, respecting privacy. Provide additional communication as the situation evolves.</p> <p>Provision of social and emotional support for impacted students and community members will be provided under the guidance of Gabriella Pelosi.</p>
<p>A student, teacher, or staff person visits an asymptomatic person in quarantine</p>	<p>Gather data as to level of interaction, performance of social distancing, degree of masking of persons involved, amount of time of interaction, and if interaction occurred outside or within a closed space.</p>	<p>School administration is notified immediately.</p> <p>If facts support campus return, no communication is required to the EFS families.</p>

	<p>The individual remains at home while awaiting the results of contact tracing conducted by the ECDOH. Depending upon the determination of the ECDOH and discretion of the school, the individual returns to school or is placed on quarantine.</p>	<p>Provision of social and emotional support for impacted students and community members will be provided under the guidance of Gabriella Pelosi.</p>
<p>A student, teacher or staff person visits a symptomatic person in quarantine</p>	<p>Gather data about degree of masking and social distancing, amount of time of interaction and where the interaction occurred.</p> <p>The individual remains at home while awaiting the results of contact tracing conducted by the ECDOH. Depending upon the determination of the ECDOH and discretion of the school, the individual returns to school or is placed on quarantine.</p> <p>If the ECDOH advises quarantine for the EFS individual, follow the interventions provided for in the scenarios of students, staff, and faculty members having domestic members test positive.</p>	<p>School administration and Gabriella Pelosi are notified immediately.</p> <p>If it is found that gathered facts support the advisement of quarantine, all EFS families must be notified while respecting privacy of the individual. If the facts support the return of the individual to campus, no further communication to EFS families is required.</p>
